Circuit Trix
21st and 22nd feb

INTRODUCTION

Flaunt your electronic skills by debugging the circuits at your disposal.

RULES

- There would be a qualifying round followed by a final round.
- In the qualifying round, two circuits, one analog and one digital, would be given to all the participating groups.
- The groups must complete the tasks related to these circuits satisfactorily within 45 minutes.
- The top 4 teams from the qualifying round will go through to the final round.
- The final round would deal with actual construction and/or debugging of a circuit on breadboard.
- The time limit for the final round would be two hours.
- Winners would be declared at the end of the final round. The decision of the organizers would be final and binding.

REGISTRATION FEES - 100 (Single or team of two)

Date of Event: 21st and 22nd February 2014

FAQ's

1. What is the team structure?
   - Team may consist of at most 2 members. Members can be from same or different institutions. No person may be a part of multiple teams for the same event. However, participants should only be from recognized educational institutes/universities.

2. What things are the participants expected to bring?
   - College ID cards and Receipts of registration.

3. Can I register on the day of the event?
   - We normally keep registrations open even on the event day. But if we feel that the number of teams is exceeding the limit set by us, we may have to close on-spot registrations. It is highly recommended that registration be done prior to the event day.
